## Work Experience

### FRACTIONAL DIRECTOR OF WEBSITE & MARKETING

MDH Beauty | Austin, TX | 2025 - Present

- Partner with the founder to define growth strategy, identify target audiences, clarify positioning, and prioritize initiatives that increase booked consultations.
- Translate business objectives into a phased execution roadmap covering branding, website improvements, local SEO, analytics, and customer acquisition, allowing the business to focus resources on the highest-impact initiatives first.
- Establish a scalable brand system covering visual identity, messaging, photography, and content guidelines, enabling the client to manage marketing independently.
- Implement GA4 ecommerce tracking and Google Search Console, providing visibility into bookings, customer behavior, and search performance to support future growth.

### DIRECTOR OF DIGITAL MARKETING AND ECOMMERCE (\*Promotion\*)

Jonathan Green Inc | Remote | 2022 - 2025

- Built the business case for replacing the company's ecommerce platform after two consecutive years of declining online sales, aligning leadership around a replatform initiative that ultimately delivered 50% net sales growth, the highest online sales in company history, and revenue 26% above the company's COVID peak.
- Directed the strategy and execution of a 200+ SKU ecommerce redesign and SEO migration, aligning engineering, UX, SEO, analytics, and executive stakeholders around fifteen launch KPIs. Delivered on schedule, meeting 13 of 15 business objectives with no high-priority defects.
- Developed the SEO migration strategy for a 200+ SKU replatform, aligning engineering, content, and SEO teams around URL mapping, information architecture, and technical validation to preserve search equity and establish the foundation for sustained organic growth.
- Led customer discovery across homeowners, turf professionals, and retail partners, synthesizing stakeholder interviews with GA4 and Hotjar insights to define user requirements and information architecture.
- Validated the redesign's success by improving overall site conversion from **0.86% to 1.26%** (+46%) despite 20% lower traffic, demonstrating that improvements to UX, merchandising, and information architecture increased purchase intent.

- Secured executive alignment on major ecommerce initiatives through strategic recommendations and investment cases while directing six agency partners and 15+ cross-functional specialists.
- Identified Amazon as the company's largest untapped ecommerce growth opportunity, leading the launch of its first Brand Store, SEO-driven listing optimization, A+ content strategy, and seasonal merchandising to grow annual revenue from **\$5.4M to \$13.3M**.
- Grew the affiliate marketing program to more than **\$600K in attributed revenue** by identifying underutilized partnership opportunities, restructuring publisher recruitment, and optimizing commission strategy based on ROI.

## DIGITAL MARKETING AND WEBSITE MANAGER

*Jonathan Green Inc | Remote | 2019 - 2022*

- Reallocated \$70K in annual budget toward channels exceeding 4x ROAS, eliminating low-performing programs and bringing Google Ads management in-house.
- Partnered with Sales, Product Development, Customer Service, Fulfillment, and Executive Leadership to improve the end-to-end customer experience through merchandising, operational improvements, and same-day shipping initiatives.
- Replaced repetitive in-store retailer training with a seven-part video education program viewed 50,000+ times, reducing time spent on retailer training while improving onboarding.
- Identified recurring customer pain points and developed a self-service knowledge center that reduced customer service inquiries while improving the post-purchase experience.
- Partnered with Ace Hardware and independent garden centers on localized co-op campaigns. A Chicagoland campaign generated **1.3M impressions, 1,481 attributed store visits, and 20.6% YoY sales growth** for participating stores.

## ASSOCIATE PRODUCT MANAGER, ECOMMERCE & INTERNAL TOOLS

*Rocket Lawyer | 2013 - 2015*

- Owned product discovery by translating customer, sales, analytics, and leadership feedback into prioritized product requirements.
- Led a cross-functional team of 10 engineers, 3 designers, and 2 QA analysts to deliver a new ecommerce ecosystem, including product catalog, subscriptions, billing, and internal user-management tools supporting a multi-million-dollar subscription business.
- Co-led development of an internal customer service platform supporting ~30M customer records, owning feature prioritization, daily scrum, documentation, training, and stakeholder feedback.
